

## Maths Trail KS1- information for teachers

Children go through the park using their surroundings to work out Mathematical calculations and problems which include:

- ✓ 2D shape hunt
- ✓ Addition and subtraction calculations linking to the trees within the park and the steps to the cave and Petrifying Well
- ✓ Multiplication calculations linking to the number of teddies hanging up under the Petrifying Well
- ✓ Coin identification and money problems linking to the Wishing Well
- ✓ Identification of what tool of measurement you would use to measure the bench along Beech Avenue
- ✓ Mathematical vocabulary wordsearch

### Resources needed:

- *Pencils*
- *Rubbers*
- *Possibly 2D shape examples*
- *Possibly coin examples*
- *Any mathematical supporting resources normally used for each area*
